## EHT ELA Newsletter Fourth Grade

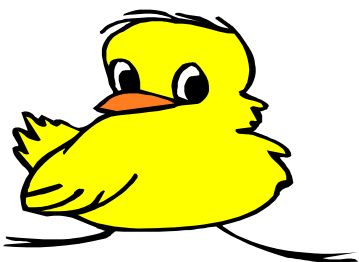

### Skills Focus

#### Reading:

Students will explore a new genre and its unique traits. Then, Book Clubs will be formed, where students will become stronger readers through collaboration and inquiry.

#### Writing:

Students will practice writing in response reading and about different genres.

### Literacy Block

Students continue to work in small groups at literacy centers and to build independent reading stamina. Through guided reading, students are working on individual reading and writing skills.

### At Home Connection

Practice marking up at home reading:

**Readers Use Think Marks**

To show what we are thinking as we read.
