March 23, 2020

To Our Egg Harbor Township School Community:

I know this is a challenging time for our Egg Harbor Township School Community. This is an adjustment for all of us and as we continue to monitor the situation and adhere to Governor Murphy's orders we need to make two important announcements to our school community.

Please take the time to read this message in its entirety.

Due to Governor Murphy's recent Executive Orders closing schools and the importance of staying at home, our District will remain physically closed through the end of Spring Break. We continue to work with state and county officials monitoring the COVID -19 situation and will update you as we get more information.

Due to the extended school closure we are moving to a more enhanced on-line learning environment and experience, where new instructional content will begin on April 1, 2020. Students are required to finish this week's lessons that they previously received from their teacher. Your student will receive additional information from their teacher regarding on-line instruction.

Technology assistance for on-line instruction for both students and parents will be made available on our district website in one convenient location.

To provide equal access to education, we are loaning chromebooks/computers to families who do not have any device. You will receive a phone call today from the District with a survey to assist us with preparing for our technology distribution process. We have a limited supply of chrome books/computers, therefore this survey will identify the level of demand.

I thank you for taking the time to read this important update and know that our teachers, staff, and administration are working hard to embrace your needs during this difficult time. Let's look to work together and stay #EHTStrong!

Respectfully,

Kimberly A. Gruccio EdD

Superintendent
